

FAN HEATERS

PRODUCT	1 DAY	2 DAY	WEEKLY
1.5kw	30.50	45.75	61.00
3kw	23.50	35.25	47.00
3kw 3 Phase	75.00	112.50	150.00

Suitable for commercial, industrial and retail applications available in a variety of sizes and voltages including a new low power 1.5Kw unit. These heaters provide controlled temperature improvement through warm air circulation without unpleasant fumes or odours.

INFRA RED HEATERS

PRODUCT	1 DAY	2 DAY	WEEKLY
3kw Industrial	46.00	69.00	92.00
3kw Retail	47.50	71.25	95.00

Ideal for target heating in otherwise difficult to heat environments producing direct safe heat. Specialist units available for retail applications with cool wall casings.

PRODUCT	INPUT VOLTAGE	WEIGHT
3kw Industrial / 3kw Retail	3000w 110v / 3000w 240v	4kg / 26kg

CONVECTOR HEATER - ELECTRIC

PRODUCT	1 DAY	2 DAY	WEEKLY
Convector	17.50	26.25	35.00

Where immediate localised heat is required. Can be quickly and discreetly located within rooms, offices & classrooms (including wall mounting option) and provide instant fume free heat.

PRODUCT	INPUT VOLTAGE	WEIGHT
2kw Convector	2000w 240v	3.2kg

OIL FILLED RADIATORS

PRODUCT	1 DAY	2 DAY	WEEKLY
1.5kw	19.00	28.50	38.00
2.5kw	21.50	32.25	43.00

Provide instant 100% efficient heat silently and fume free, ideal for domestic and commercial applications with room sizes from 45 - 60 square metres.

PRODUCT	INPUT VOLTAGE	WEIGHT
1.5kw / 2.5kw	1500w 240v / 2500w 240v	12.2kg / 14.4kg

PRODUCT	1 DAY	2 DAY	WEEKLY	BOX / CABINET HEATERS
Box Heater	31.50	47.25	63.00	
Catalytic	19.50	29.25	39.00	

Providing warm target or multi directional heat (boxer) quickly lifting temperatures from the moment they are ignited. Cabinet heaters available in a catalytic version which gives flame free heat for added safety.

PRODUCT	HEATING WATTAGE	GAS CONSUMPTION	WEIGHT
Box / Cabinet	25kw 84,000 btu/hr / 1.7-3kw 6000-10,000 btu/hr	0.9-1.8kg/hr / 0.12-0.22kg/hr	13kg / 14kg

PRODUCT	1 DAY	2 DAY	WEEKLY	WAREHOUSE HEATER
Warehouse	143.50	215.25	287.00	

Fully enclosed flame ensuring maximum safety in factory and warehouse applications. Exhaust emissions are vented away maintaining a dry and fume free environment. Massive 30KW output with no visible flame.

PRODUCT	HEATING WATTAGE	INPUT VOLTAGE	WEIGHT
Warehouse	26kw 100,000 btu/hr	170w 110v/240v	180kg

PRODUCT	1 DAY	2 DAY	WEEKLY	ROCKET HEATERS
Large	50.00	75.00	100.00	
Industrial	62.50	93.75	125.00	

Propane gas fuelled heater warms air through fan powered discharge, excellent providers of rapid volume heat.

PRODUCT	HEATING WATTAGE	GAS CONSUMPTION	INPUT VOLTAGE	WEIGHT
Large	25-44kw 85,000-125,000 btu/hr	5.9kg/hr	60w 110v/240v	19.4kg
Industrial	26-80kw 90,000-250,000 btu/hr	5.9kg/hr	150w 110v/240v	29kg

PRODUCT	1 DAY	2 DAY	WEEKLY	INDIRECT ROCKET HEATERS
Indirect	178.50	267.75	357.00	
Ducting per 5m	23.50	35.25	47.00	

Clean air heating provided through ducting making this heater ideal for bridge decking contractors as well as factories & garages.

PRODUCT	HEATING WATTAGE	FUEL CONSUMPTION	FUEL TANK CAPACITY	INPUT VOLTAGE	WEIGHT
Indirect Rocket	69kw	6.5L/hr	105litres	1140w 110v/240v	123kg

DEHUMIDIFIERS - BUILDING

PRODUCT	1 DAY	2 DAY	WEEKLY
Medium	51.50	77.25	103.00
Med. Pump	60.50	90.75	121.00
Industrial	73.50	110.25	147.00
Indust. Pump	80.00	120.00	160.00

General purpose dehumidifiers designed for the rigours of drying out buildings as part of the construction process. Ideal for improving general conditions where the need to reduce moisture created by new construction is required.

The units are robustly housed in metal casings and are available in 2 sizes both of which are dual 110 or 240 voltage. Moisture is extracted from the air and condensed internally before being dispensed through an outlet pipe which is normally fed into a 25 Litre container for collection.

PRODUCT	WATER EXTRACTION RATE	INPUT VOLTAGE	WEIGHT
Medium	30 litres per 24hrs	230v only	30kg
Industrial	60 litres per 24hrs	230v only	38kg

DEHUMIDIFIERS - FLOOD RESTORATION

PRODUCT	1 DAY	2 DAY	WEEKLY
Dri-Eaz 1200	77.50	116.25	155.00
Dri-Eaz 1800	88.50	132.75	177.00

Specialist units specifically designed for use as part of the restoration process after fire or flood damage has occurred SEE FORCE 3 SECTION. These units also contain an internal pump which can pump out collected water through an outlet pipe to a nearby drain or sink which does away with the need for emptying of containers.

PRODUCT	WATER EXTRACTION RATE	INPUT VOLTAGE	WEIGHT
Dri-Eaz 1200 / Dri-Eaz 1800	55 litres / 63 litres	240v / 240v	36kg / 38kgs

PROTIMETER

PRODUCT	1 DAY	2 DAY	WEEKLY
Protimeter	44.00	66.00	88.00

Essential tool for anybody involved in drying out buildings, these hand held meters provide accurate and reliable measurement of moisture levels both before and throughout the drying process. Can test a range of materials from walls to floor coverings, handy probe attachment can access cavities with all information displayed in dual LCD/LED.

PRODUCT **1 DAY** **2 DAY** **WEEKLY** **SNAIL TURBO DRYER**

Turbo Dryer	45.00	67.50	90.00
Snout Kit	26.50	39.75	53.00

Unique purpose designed air mover to complement the use of dehumidifiers as part of the drying process. The use of these units helps speed up the drying process by creating air movement and displacing moisture into the room's environment where it can be collected by the attendant dehumidifiers. A snout kit is available as an accessory where target air flow is required to up to 3 locations.

PRODUCT	HEAT AREA	INPUT VOLTAGE	WEIGHT
Snail Dryer	Max 30m ²	1040w 110v/240v	17kg

PRODUCT **1 DAY** **2 DAY** **WEEKLY** **OZONE GENERATOR**

Small	54.50	81.75	109.00
Medium	75.00	112.50	150.00
Large	96.50	144.75	193.00

Turns O₂ into O₃ to clean and deodorise the air. It works by generating 40 parts of ozone per million, HSE recommended safe level is 0.2 parts per million!

CAUTION: Only to be hired following hand over training and signature. Installation highly recommended, all plants, pets, people and natural rubbers must be removed from the sealed area whilst in use.

PRODUCT **1 DAY** **2 DAY** **WEEKLY** **FUME EXTRACTORS**

300mm	69.50	104.25	139.00
Extra 5m Duct	11.00	16.50	22.00

Fume extractors for ensuring the safe removal of fumes created by hazards such as welding fumes, grinding dust and smoke. Essential equipment for providing a safe and comfortable working environment in line with COSSH guidelines. Ducting supplied in 5 metre lengths to safely dispose of unwanted dirty air. These units can also be used as a conventional fan if required.

PRODUCT	AIR FLOW	DUCTING LENGTH	INPUT VOLTAGE	WEIGHT
300mm	2118ft ³ /hr	6m	550w 110v only	15kg

OFFICE / COMMERCIAL FANS

PRODUCT	1 DAY	2 DAY	WEEKLY
Office	20.00	30.00	40.00
Commercial	20.00	30.00	40.00

We carry a range of fans suitable for localised cooling within offices that can be easily mounted on any flat surface to provide comfortable air movement. Simply plugs into the nearest power socket and has convenient control switch to select fan speed.

CROWD COOLER PEDESTAL FAN

PRODUCT	1 DAY	2 DAY	WEEKLY
CC Pedestal	24.00	36.00	48.00

New addition to our fleet is a portable yet powerful pedestal fan that can be adjusted in height up to 2.1 metres. Ideal for larger environments such as open plan offices, shops, warehouses and even your local gymnasium. Variable power output from 1400-9100 cubic metres per hour and is available in either 240 or 110 volts all cased in a solid and sturdy unit weighing in at 40kg.

AREA COOLING FANS

PRODUCT	1 DAY	2 DAY	WEEKLY
Medium Duty	47.00	70.50	94.00
Large Duty	51.50	77.25	103.00
Warehouse	88.00	132.00	176.00

A range of free standing fans mounted in adjustable frames ideally intended for standing on floors or other hard surface within factories, warehouses, gymnasiums or larger offices. Range of sizes to suit even the largest of environments providing volume cooling.

WHICH ONE? DO I NEED...

COOLERS

An easy cost effective solution to many heat problems. Portable and easy to use, simply fill with water, switch on and select cooling fan to the required speed. **Ideal for...** Offices, shops and factories. Simply select cooler(s) according to the area required to cool.

Be Careful In areas with sensitive electrical equipment if in doubt **ASK**.

AIR CONDITIONERS

Superb for supplying constant chilled air with hot air exhausted away through an outlet hose. Capable of maintaining a comfortable room temperature in offices, halls, conferences rooms etc...

PRODUCT	1 DAY	2 DAY	WEEKLY	EVAPORATE COOLERS - INDUSTRIAL
Industrial	69.00	103.50	138.00	

Large 40 litre capacity water tank and capable of cooling an area of up to 600 square foot, ideal for offices, factories car dealerships and gymnasiums.

PRODUCT	INPUT VOLTAGE	WEIGHT
Industrial	240w 240v only	26kg

PRODUCT	1 DAY	2 DAY	WEEKLY	EVAPORATE COOLERS - OFFICE
Office Evap.	42.00	63.00	84.00	

Breezes water cooled air to cool an area of approx 300 square foot, has integral 20 litre water tank.

PRODUCT	INPUT VOLTAGE	WEIGHT
Industrial	240w 240v only	26kg

PRODUCT	1 DAY	2 DAY	WEEKLY	AIR CONDITIONING UNITS
Small	70.00	105.00	140.00	
Large	109.00	163.50	218.00	

These mobile units will create a cool, comfortable environment during the hottest summer months, and at a fraction of the cost for a fixed installation.

PRODUCT	COOLING CAPACITY	COOLING WATTAGE	INPUT VOLTAGE	WEIGHT
Small / Large	6900 btu/hr / 12,000 btu/hr	1900w / 4100w	780w 240v only / 1725w 240v only	43kg / 60kg
